

Summer Internship Opportunities

WHEN: November 2024 - February 2025

INTERNSHIP POSITIONS AVAILABLE:

- **Mechanical Design internship**– Product R&D development project, suit mechanical or mechatronics engineering student 3rd year
- **Production Engineering** – Practical internship, mechanical and electrical engineering production experience, suit mechanical or mechatronics engineering student 2nd year

INTERNSHIP PROGRAM DETAILS:

We are excited to announce that we are now accepting applications for our Summer Internship Program. This is your chance to gain an insight into a real-life engineering experience, with the ability to see different areas of the business and how they work together to achieve the end product.

TO BE ELIGIBLE FOR AN INTERNSHIP YOU MUST:

- Be in your 2nd or 3rd year of study in Mechanical or Mechatronics
- Be available to work from mid-November to mid-February
- Have an interest in settling in Hamilton and potentially securing a future graduate role with RML
- Be studying at a university or technical institute

WHAT YOU'LL EXPERIENCE:

- A **10-week paid internship** (400 hours)
- Hands-on experience and a solid understanding of engineering in the workplace
- Insight into the full engineering process
- Dedicated mentoring from experienced engineers

MAXIMISE YOUR EXPERIENCE BY:

- Being inquisitive, asking questions, and digging deeper to fully understand each subject
- Maintaining a positive attitude and a strong desire to achieve
- Engaging actively with the team, communicating effectively, and getting involved

TO APPLY:

- Send a cover letter and CV to stordoff@rmlnz.com – Close on 5th August 2024
- Recent academic transcript – unofficial will be accepted
- Interviews will be held online via teams from 19th-23rd August 2024
